

## Samsung SCX 6345n

Imagine a smaller answer to a big problem. Everyday, small and medium-sized businesses are losing money thanks to largely redundant A3 capabilities of some copiers/printers. Now there's an alternative solution and it comes in the form of the **Samsung SCX-6345N MFP**.

This impressive All-In-One is designed to replace the current copiers and printers of small and medium businesses. With a highly competitive cost of ownership the **SCX-6345N** is a high performance, network ready, multi-functional machine capable of producing 43 pages per minute.

## Lanier LD320D

The easiest way to boost productivity is to make common tasks simpler and more convenient.

You can do it all with the **Lanier LD320D**. Packed with user-friendly and timesaving features, the **Lanier LD320D** satisfies all of your document production needs and keeps everyone's day moving.
