

Great Lakes Office Equipment

1220 US 23 North, Alpena, Michigan

www.gloe.net

989.354.5816

Great Lakes Office Equipment services many brands of Copy, Fax, Printer and MFP machines. We also provide supplies for this equipment. We many times can acquire toner or provide service for older models that the so-called super stores do not provide.

We are happy to be your equipment supplier but if you bought it someplace else we will be glad to help you with after warranty service and supplies.

We would  love some of your business.

We can also provide loaners or rental units.
